**Euro Payment** means a non-cash payment transaction abroad in euros directed to or from an EEA country with SHA payment instructions, at NORMAL speed, with the account number in IBAN format and BIC of the transferring institution of both payer and payee.

**SHA** – the payer pays the fees of his/her bank, the payee pays the fees of his/her bank and also, where applicable, the fees of any other intermediary banks.

**BEN** – the payee pays all the fees, i.e. the fees of his/her bank, the payer's fees and where applicable, also the fees of any other intermediary banks.

**OUR** - the payer pays all the fees, i.e. the fees of his/her bank, the fees of the payee's bank and, where applicable, also the fees of any other intermediary banks. The costs of the other banks depend on the fees of the intermediary banks and the payee's bank. For payments in USD the fee type OUR can be changed by the correspondent bank to the SHA type or BEN type, therefore the recipient can receive a lower amount.

**URGENT** - funds are credited to the recipient's bank account on the day of the order's due date.

**Urgent payments** can only be made in EUR, USD, GBP and CAD. Urgent payment orders in EUR currency can be entered via PB channels on a business day until 3:00 p.m. Urgent payment orders in other currencies can be entered via PB channels on a business day until 1:00 p.m.

**PRIORITY PAYMENT** - payment orders for a cashless domestic payment with a due date identical to the current calendar date and also a priority type of payment can be entered via the PB channels until 1:00 p.m. on a business day.
